EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1 line 6, delete "a" before the word "drumstick".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claimed method of making a balled food product is believed to be in condition for allowance and is being passed onto issue. The prior art of record does not anticipate nor render obvious with proper teaching(s) the claimed invention. The claimed invention is directed to selecting a drumstick having skin about the meat and bone, making an annular cut about said bone in proximity to said foot end, making two opposing vertical cuts through the meat from said annular cut to a position in proximity to said thigh end, peeling said two sections away from said bone toward said thigh end into contact with one another to form a ball of meat and removing said skin from said ball of meat. The application is believed to be in condition for allowance and is passed onto issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
